

I have been a listener of K-Love, a national non-for-profit radio station for several years. Many friends in my community also listen to the station.

K-Love supports wholesome values and has a positive and encouraging impact on my community and other communities across America.

I am extremely concerned what would happen if K-Love were to be displaced by a LPFM broadcaster, if the changes you propose take effect.

Please consider in making your decision, that K-Love and other non-for-profit, positive, wholesome stations may be displaced as a result of your actions.

K-Love has been ministering to people all across the United States for years. It would be tragic if K-Love is forced off the air in any of the communities the station serves.

Thank you for your time.
